

## ASUS Accessibility Policy

### Goal :

At ASUS, our vision is to create the most ubiquitous, intelligent, heartfelt and joyful digital life for everyone. We are dedicated to ensuring that all users, including those with disabilities and the elderly, can access and use our products and services equally and without barriers. This commitment aims to eliminate the digital divide and collectively build a more inclusive society.

### Coverage :

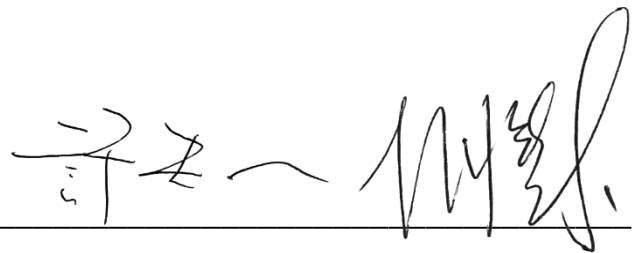

Applies to information and communication technology (ICT) products and services designed, developed, provided, maintained, or updated by ASUS and its representatives.

### Commitment :

ASUS is committed to upholding the spirit of accessibility in every aspect and is guided by our principle, "Focus on Fundamentals & Results":

1. Develop accessibility plans for products and services to ensure they meet the needs of diverse users.
2. Dedicate to complying with global accessibility regulations and adhering to the Web Content Accessibility Guidelines (WCAG) requirements.
3. Establish feedback mechanism and continuously optimize products and services based on user suggestions, driving ongoing improvements in our accessibility efforts.
